### American Gemological Laboratories™

America's first and most highly respected origin lab.

Founded in 1977,

AGL is an internationally recognized gemstone testing facility, specializing in comprehensive colored stone analyses.

AGL has the distinction of being the

first laboratory in the United States to issue

Country-of-Origin reports. Our company and its principals have a long tradition of research into the

detection of and reporting on gem identification-and-classification, gemstone treatments and provenance determinations.

Our staff is composed of experts in the field of gemstone testing and reporting. Our findings

reflect the latest knowledge and analytical techniques to ensure the highest standards

are applied on every stone we test.

AGL's testing and reporting methodology provide you with unsurpassed quality

and reliability. We are committed to providing the highest level of service and reporting

that our clients and the industry have come to expect from the AGL.
